

MULTITECH LASER ENGINEERING INDIA PVT LTD

Manufacturer and Exporter of Precision
Sheet metal Components and Assemblies.

Industries we serve

Agriculture
Earth Moving
Power
Automation.
Material Handling.

We Are a Group of professionals who started MULTITECH Group of Industries in the year 2011. Honesty - Hard work- and Good business Practices helped us to grow in the business.

We have state of art manufacturing facility with Laser Machines - CNC Press Brake - TIG / MIG and Arc Welding - Clinching machine - Radial Drilling and Tapping Machine - Rolling machine.

We have more than 25 years of Experience in Laser cutting and Manufacture of Precision Sheet Metal components and Assemblies.

We support you with all your sheet metal fabrication requirements. With technical expertise in sheet metal fabrication, we can achieve competitive pricing to meet your requirements.

We request you to give us an opportunity to work with your organization to manufacture and supply precision sheet metal components / fabricated assemblies.

MULTITECH Group is having below mentioned machineries for manufacture precision sheet metal assemblies and medium Fabrication.

List of Machineries

TRUMPF Laser : 3.4 kW to 6.0 kW , Size : 4 Mtr x 2Mtr - 6 No
TRUMPF - CNC Press Brake - 4 Mtr Length -220 Ton Capacity - 2 Nos
ADOR FONTECH - MAG400 - MIG Welding Machine.
ADOR FONTECH - MACTRIX 3000 AC/DC - TIG Welding Machine.
ESAB 400 KVA 3 Phase - Arc Welding Machine.
ESAB Make 200 KVA Single Phase Arc Welding Machine.
NUMETACA Technologies Automatic - Clinching Machine.
Radial Drilling and Tapping Machine. Capacity - Dia : 25 / Tapp : M16
ROLLING MACHINE - 1 No

Rolling machine

ADOR FONTECH
MIG Welding Machine – 400 KVA

AC/DC PULSE TIG Welding Machine
AUDOR FONTECH – 300KVA

ESAB – ARC Welding
M/c – 400I – 3 Phase

Radial Drilling
and Tapping Machine

CLINCHING Machine
Numatica Technologies

PRODUCTS WE HAVE DEVELOPED

MUTITECH LASER ENGINEERING INDIA PVT LTD

#111 & 112, 7th Main Rd, , 3rd Stage, Peenya Industrial Area, Bangalore - 560058
